REPORT OF BOARD OF HEALTH.

The following cases have been reported to the board during the past year: twenty-five cases of measles, three of scarlet fever, one of infantile paralysis, and there has been one death from tuberculosis.

Relative to the subject of sewerage the board has no information to give. So far as we know the matter remains the same as a year ago.

The reservoir water has been analyzed twice during the year and the returns were, as usual, satisfactory.

Respectfully submitted,

A. P. SEETON,

H. H. STARK,

Board of Health.

REPORT OF HISTORY COMMITTEE.

GOFFSTOWN, N. H., February 16, 1914.

To the Town History Committee of the Town of Goffstown:

GENTLEMEN—I wish to submit the following report relative to the progress of the work as regards the History of Goffstown.

When requested by the committee to try and arrange data for the publication of a town history, I immediately began to arrange such historical matter as I had in my possession and at the same time made extensive research for anything pertaining to the early history of the town.

The geography of the town, its topography as it originally existed, its streams, mountains and lesser elevations were taken up and considered; likewise many old residents and ancient locations. The subject of roads, bridges, landings and ferries were investigated and as complete a history as it was possible to find was written.

From the subjects already mentioned and those in that line my attention was turned from the fact that certain information was being lost relative to the active part that Goffstown took in the Revolutionary War and quite a long time was spent on that portion of the history of the town from 1774 to 1786, and a large amount of matter was procured and a history of the Revolution, embracing the names of the soldiers, etc., was completed. And following in the same line the history of the War of 1812, and the Rebellion were written out.

It was my intention to then return to the beginning of the work and follow the same along in a chronological order, but being importuned and especially requested by a large

number of persons interested in the work to take up the genealogy of the townspeople, the body of the work was there discontinued and the genealogical subject taken up.

This seemed imperative, and I realized it must be done at once if ever on account of the number of elderly people who possessed valuable information.

The genealogy of the following-named families has been completed :

Aiken, Andrews, Alexander, Adams (2), Allison, Addison, Anderson (3), Banfil, Bowen, Brown (4), Blodgett (2), Barr, Bartlett (4), Buswell, Burns, Belcher, Barron, Burroughs, Balch, Boynton, Butterfield, Bell, Barnard, Blaisdell, Butler, Craig, Conner (2), Corliss, Clogston, Clough, Cheney (4), Chubbuck, Cochran, Carraway, Colburn, Coburn, Carlton, Colby (2), Condon, Carkin, Chandler, Caldwell, Cram, Christie, Carr, Comfort, Corey, Cunningham, Dimond, Dinsmore, Dorr, Dow (2), Dubois, Deming, Dodge (2), Damon, Dwinells Dearborn, Dunlap, Eaton (3), Emerson (2), Elliott, Ferrin, French, Flanders, Frachuer, Foss, Ferson, Farmer, Fletcher, Flint, Gilchrist, George (2), Gregg, Gould, Gillis, Gove (2), Greer, Garland, Goodhue, Gilmore, Gordon, Gerould, Getz, Grant, Hills, Hogg, Hart, Hooper, Hazen, Haselton, Holt (2), Heald, Hawes, Harrington, Hoit, Henry, Hutchinson, Herrick, Hammond, Hunkins, Jones (2), Jameson, Junkins, Johnson, Kendrick, Kimball (3), Kidder, Kendall, Kennedy, Little, Lufkin, Libbey, Longway, Loveland, Luscombe, Livingstone, Leach, Lyman, Lancaster, Mills, McPherson, Moore (5), Morgan (2), McLean, McIntire, Martin, McCluer, McCoy, Marden, Mack, Mahoney, Merrill, McFarland, Morse, Manning (2), Matherson, Marshall, McQuesten, Mansfield, McClintock, McDougall, McCollom, Morgrage, Nichols, Nesmith, Orr, Odlin, Potter, Peabody, Poore, Porter, Pattee, Perley, Pratt, Philbrick, Plumer, Parker, Paige (2), Pierce, Phelps, Perkins, Rowe, Roberts, Robertson, Richardson (2), Richards (6), Royce, Russell, Rand, Robie, Ross, Regan, Stevens (5), Stark, Stuart, Spaulding, Saltmarsh, Sawyer, Stinson, Smith (3), Spencer,

Stearns, Shaw, Sanford, Sargent, Sellers, Scribner (2), Story, Stiles, Trull, Todd, Tirrell, Towns, Tenney, Tolford, Thompson (2), Upham, Upton, Underhill, Weston, Worcester, White, Watkins, Weeks, Whittle, Whittemore, Whitcomb, Whitney, Wicom, Wright, Walker (2), Warren, Whipple, Wallace, Witherspoon, Wells, Woodman, Worthleys, Woodbury, and about twenty-five are well under way, making a total of some three hundred families whose genealogical history and record has been wrought.

It has been the endeavor so far as possible to secure a correct record, and the work has been gone into with a great deal of detail, trusting that if ever published it would be a reliable, accurate and valuable source of information.

The record of some of the earliest and once prominent families in town, as, for example, Samuel Blodgett, Henry Blaisdell, Joshua Martin, Aaron Wells, Benjamin Richards, Nathan Stearns, Moses Little and many others who were once prominent in town, is one of great value, both to their descendants and historical societies.

The work is a laborious one and necessarily proceeds slowly, but we trust it has advanced to that stage in which you and the townspeople in general are interested to that extent that you desire its completion.

In the main we have had a very generous response from those we have sought information from and sent blanks to, and we would cordially ask the help and coöperation of the citizens in general in this direction that as complete a record as possible may be secured.

Over 10,000 different people have received mention in the above-named families, which shows the magnitude of the work.

Yours very truly,
GEORGE P. HADLEY.

REPORT OF TRUSTEES OF CEMETERIES.

In submitting the report for the past year the trustees wish to acknowledge their appreciation of the interest manifested by the people in caring for the last resting-place of the dead. They have helped to beautify the cemeteries by their labor and by substantial contributions.

Donations and bequests to the amount of \$750 have been received during the past year for the perpetual care of lots, and numerous inquiries from people whose ancestors are interred here give promise of greater financial support in the future. The money raised for improvements has been deposited in the savings bank until a more favorable opportunity for its use, as the drought of the past season rendered any grading or work of that kind practically useless.

We wish to extend our thanks to the Unity Club of Goffstown and the Village Improvement Society of Grasmere for the many ways that they have assisted us.

REPORT OF THE BOARD OF EDUCATION, INDEPENDENT SCHOOL DISTRICT.

The school has been under the same teachers as last year, and the school year has been uneventful. The school has maintained its standard as a class A school, all the grades have worked with harmony, and the whole year has been a very smooth, successful one. The only thing that has come up to worry your board and the teachers is the fact that we have reached the extreme limit for room in the high school. The high school room cannot accommodate any more pupils, every seat is taken, and there is no feasible way of enlarging the floor space without first enlarging the building. The best way out of our difficulties seems to be, to all who have looked the buildings over, to build another wing from the main building toward the south. It is either that or a new building. With this wing we could get along for a few years; without it we cannot get along any longer, and the district must be prepared to face this matter at once. The building must be shingled at once as it leaks in so many places that carpenters tell us that the roof cannot be patched any more.

We shall need this year for the ordinary expenses the following amounts: for teachers' salaries, \$3,700; for janitor and truant officer, \$375; fuel, \$250; supplies, \$150; books, \$150; music, \$100; Board of Education, \$75.

REPORT OF SCHOOL BOARD OF TOWN DISTRICT.

The School Board of the Town District submits the following report:

We wish to express our appreciation for the commendable work of our teachers for the past year.

In two of the schools we have been fortunate in securing teachers who give musical instruction.

Two pupils were graduated from the grammar school last June.

This district is now represented by thirty-six pupils in the high schools and academies of the state.

In the financial affairs of the district we are frequently reminded of the high cost of schooling and the cost of high schooling, and it has been with some difficulty that we have been able to keep the expenses within reasonable limits.

It will be noticed that the statistical table shows some variation in the number of weeks of school for the different districts. It will be remembered, however, that this report is for the fiscal year only. The report for the school year closing in June will show a uniformity in length for all of the districts.
